# I International Conference on Electrical and Electronics Engineering and X Conference on Electrical Engineering

CINVESTAV

Acapulco, Guerrero  
México  
September 8-10, 2004

First Call for Papers

Conference fee: \$250.00 US dollars for professional engineers and \$125.00 US dollars for students.

## Objectives of the Conference

The main purposes of this international conference are:

- To provide a meeting that will further the progress and stimulate growth and advance the state of knowledge in the field of Electrical and Electronics Engineering.
- To provide a forum for free discussion of new ideas, research, development and applications, including techniques and methods to stimulate and inspire pioneering work.
- To provide opportunities for students and young engineers to meet their experienced peers from Mexico and abroad.
- To provide an atmosphere to enhance the interpersonal rapport of engineers interested in specialized and loosely related fields.
- To publish high quality papers in the Proceedings of the Conference.

This will be the first International Conference after 10 years that the Electrical Engineering Department of CINVESTAV-IPN has organized the national "Conference on Electrical Engineering".

## Deadlines

- Full manuscript: **May 7, 2004.**
- Review notification: **June 18, 2004.**
- Final revised manuscript: **July 16, 2004.**

## Scientific Program

The scientific program will consist of invited lectures in addition to oral simultaneous sessions. We are arranging with international editorials that all accepted papers (after peer review) be published in a recognized journal. English and Spanish will be the official languages of the conference.

## Topics will include

- *Communication Systems.*
- *Computer Science.*
- *Solid-State Electronics and VLSI.*
- *Mechatronics and Automatic Control.*
- *Biological and Medical Electronics.*
- *Power Electrical and Electronic Systems.*
- *All related fields to the above.*

On September 6 and 7, 2004 we are organizing 6 different courses, on the preceding topics, to be offered at the same place of the Conference.

## Location and Accommodation

The Conference will be held at Acapulco, Guerrero, in México, which is a beautiful and well known resort with many tourist activities.

In future communications, we shall provide more information about the conference venue hotel and cultural and social activities during the event. For further information, please visit our web page:
